AMB Property Corporation(R) , a leading global developer and owner of industrial real estate, today announced it has pre-leased an aggregated 183,000 square feet at two brownfield developments and one redevelopment project in northern New Jersey. AMB has leased to logistics customers, including Target Logistics -- an international logistics provider and freight forwarder, and a multi-market customer of AMB.

"We're able to meet continued customer demand in northern New Jersey, one of the most dynamic and land constrained infill areas in the U.S., by identifying strategically located properties, applying our brownfield development and redevelopment expertise, and bringing Class A facilities to market," said Gene Reilly, AMB's president, the Americas. "Port Newark/Elizabeth and Newark Liberty International Airport are essential links in the global supply chain. The locations of our facilities make them attractive to customers requiring rapid access to major modes of transportation and the dense population base in the northeastern U.S."

Consistent with AMB's sustainable initiatives, materials from the prior structures at AMB Liberty Logistics Center were reused in the new facility. AMB Portview Commerce Center, a joint venture project with Portview Properties, LLC, incorporates energy efficient features including clerestory windows for natural lighting and a heat-reflective roof.

The three development projects, including AMB Highway 17, are proximate to Newark Liberty International Airport and Port Newark/Elizabeth, the leading East Coast seaport by volume, and provide rapid access to all tunnels and bridges into Manhattan.

As of March 31, 2008, AMB's portfolio in Northern New Jersey totaled approximately 12.7 million square feet of operating and development facilities.
